The fair trade debate is a debate around alleged issues with the Fairtrade brand. The debate surrounds the ethics and alleged economic implications of fair trade. Some criticisms have been raised about fair trade systems. One 2015 study in a journal published by the MIT Press concluded that producer benefits were close to zero because there was an oversupply of certification, and only a ...

Fair trade is a foundation whose stated goal is to help producers in developing countries achieve better trading conditions. Members of the movement advocate the payment of higher prices to exporters, as well as improved social and environmental standards. The movement focuses in particular on commodities, or products which are typically exported from developing countries to developed countries ...
