NoblePay – credit card processing, merchant services

First Data is the #1 merchant acquirer providing credit card processing services for small/large businesses and national financial institutions.

Credit Card Processing & Payment Solutions for Merchants

A credit card is a payment card issued to users (cardholders) to enable the cardholder to pay a merchant for goods and services based on the cardholder's promise to the card issuer to pay them for the amounts so paid plus the other agreed charges. The card issuer (usually a bank) creates a revolving account and grants a line of credit to the cardholder, from which the cardholder can borrow ...

Credit card - Wikipedia

The Payment Card Industry Data Security Standard (PCI DSS) is an information security standard for organizations that handle branded credit cards from the major card schemes.. The PCI Standard is mandated by the card brands and administered by the Payment Card Industry Security Standards Council. The standard was created to increase controls around cardholder data to reduce credit card fraud.

Payment Card Industry Data Security Standard - Wikipedia
