In decision theory and general systems theory, a mindset is a set of assumptions, methods, or notations held by one or more people or groups of people. [citation needed]A mindset can also be seen as incident of a person's world view or philosophy of life. [citation needed]A mindset may be so firmly established that it creates a powerful incentive within these people or groups to continue to ...

At Challenge Success, we believe that our society has become too focused on grades, test scores, and performance, leaving little time for kids to develop the necessary skills to become resilient, ethical, and motivated learners. We partner with schools, families, and communities to embrace a broad definition of success and to implement research-based strategies that promote student well-being ...
