

chinese architecture palaces gardens pdf

Chinese architecture demonstrates an architectural style that developed over millennia in China, before spreading out to influence architecture all throughout East Asia. Since the solidification of the style in the early imperial period, the structural principles of Chinese architecture have remained largely unchanged, the main changes being only the decorative details.

Chinese architecture - Wikipedia

The Chinese garden is a landscape garden style which has evolved over three thousand years. It includes both the vast gardens of the Chinese emperors and members of the imperial family, built for pleasure and to impress, and the more intimate gardens created by scholars, poets, former government officials, soldiers and merchants, made for reflection and escape from the outside world.
