Poverty is a state of deprivation, lacking the usual or socially acceptable amount of money or material possessions. The most common measure of poverty in the U.S. is the "poverty threshold" set by the U.S. government. This measure recognizes poverty as a lack of those goods and services commonly taken for granted by members of mainstream society. The official threshold is adjusted for ...

The poverty threshold, poverty limit or poverty line is the minimum level of income deemed adequate in a particular country. In practice, like the definition of poverty, the official or common understanding of the poverty line is significantly higher in developed countries than in developing countries. In 2008, the World Bank came out with a figure (revised largely due to inflation) of \$1.25 a ...
