Journal of Intercultural Communication Research Ideology

is the study of propaganda as a purveyor of ideology and, to this end, is largely a study of how dominant ideological meanings are constructed within the mass media (Burnett, 1989, pp. 127-137).

What Is Propaganda, and How Does It Differ From Persuasion?

information to others, but also help them consider how others may prefer to receive information. It is important to reinforce with participants that communication skills involve give and take "and they can, indeed, be learned and strengthened over time.

Communication

political psychology found ideology behaving in ways that defeated their theories of political reasoning. I argue that political ideology can best be understood as actors' theorization of their own position, and available strategies, in a political field. Keywords ideology, political parties, political psychology.

WHAT IS IDEOLOGY? - University of Chicago

Society Information, Communication - Memory of the World

An ideology is a collection of normative beliefs and values that an individual or group holds for other than purely epistemic reasons.. The term was coined by Antoine Destutt de Tracy in 1796, who conceived it as the "science of ideas". In contemporary philosophy it is narrower in scope than that original concept, or the ideas expressed in broad concepts such as worldview, imaginary and ontology.

Ideology - Wikipedia
