This is a list of key characters in the Inheritance Cycle, a fantasy series by Christopher Paolini. The series contains several hundred characters, while the following list contains only the most frequently mentioned. Many of the names Paolini has used originate from Old Norse, German, Old English, and Russian sources, as well as the invented languages.

You can use any number of values in a cycle tag, separated by spaces. Values enclosed in single quotes (') or double quotes (") are treated as string literals, while values without quotes are treated as template variables. By default, when you use the as keyword with the cycle tag, the usage of {% cycle %} that initiates the cycle will itself produce the first value in the cycle.
