I am working with Illustrator CC. I have downloaded and put the script in the presets/scripts folder. When I have illustrator open and go to scripts – it shows up there, and lets me browse for the multi page pdf, and choose it, but the file name doesn't show up in the file name area, and I can pick pages as well – but the open button never activates.

Theory. Heart rate is the number of heartbeats per unit of time and is usually expressed in beats per minute (bpm). In adults, a normal heart beats about 60 to 100 times a minute during resting condition. The resting heart rate is directly related to the health and fitness of a person, and hence is important to know.
