Good discussions on ethics are often driven by situations that challenge our abilities to determine the right thing to do, carry out effective ethical action, or lay out an effective strategy for avoiding ethical obstacles in the future. Given that possibilities for ethical conflict exist in most ...

### **Ethical Dilemmas, Cases, and Case Studies > Levan**

The case method is a teaching approach that uses decision-forcing cases to put students in the role of people who were faced with difficult decisions at some point in the past. In sharp contrast to many other teaching methods, the case method requires that instructors refrain from providing their own opinions about the decisions in question.

### **Case method - Wikipedia**

In finance, model risk is the risk of loss resulting from using insufficiently accurate models to make decisions, originally and frequently in the context of valuing financial securities. However, model risk is more and more prevalent in activities other than financial securities valuation, such as assigning consumer credit scores, real-time probability prediction of fraudulent credit card ...
