MANAGEMENT ACCOUNTING STRATEGIC MANAGEMENT

In military theory, strategy is "the utilization during both peace and war, of all of the nation's forces, through large scale, long-range planning and development, to ensure security and victory" (Random House Dictionary). The father of Western modern strategic study, Carl von Clausewitz, defined military strategy as "the employment of battles to gain the end of war."

From Fig. 1, it could be seen that, whereas other management accounting techniques lay more emphasis on cost reduction, management and control, performance evaluation and product management, SMA emphasizes majorly on strategic positioning. SMA combines information on customers, competitors and the market, which enables a firm to gain competitive advantage and increase its market share.

Strategic management accounting and decision making: A

Introduction. One of the most important tasks during strategy making is the management of the interface between the many (often competing) demands of an organization's different stakeholders in relation to its strategic goals.
