Jamaican art dates back to Jamaica's indigenous Taino Indians who created zemis, carvings of their gods, for ritual spiritual purposes. The demise of this culture after European colonisation heralded a new era of art production more closely related to traditional tastes in Europe, created by itinerant artists keen to return picturesque images of the "new world" to Europe.

Attention is the behavioral and cognitive process of selectively concentrating on a discrete aspect of information, whether deemed subjective or objective, while ignoring other perceivable information. It is a state of arousal. It is the taking possession by the mind in clear and vivid form of one out of what seem several simultaneous objects or trains of thought.
