Project Blue Book was one of a series of systematic studies of unidentified flying objects (UFOs) conducted by the United States Air Force. It started in 1952, and it was the third study of its kind (the first two were projects Sign (1947) and Grudge (1949)). A termination order was given for the study in December 1969, and all activity under its auspices ceased in January 1970.

Though it may seem like a "basics" book, this is the standard which all canners should follow. I have done a lot of canning and have many books but when I started doing even more low acid foods (specifically mushrooms), I wanted to have this to be sure of all of the correct instructions and parameters.
