

the compassionate instinct science pdf

Compassion motivates people to go out of their way to help the physical, mental, or emotional pains of another and themselves. Compassion is often regarded as having sensitivity, an emotional aspect to suffering, though when based on cerebral notions such as fairness, justice, and interdependence, it may be considered rational in nature and its application understood as an activity also based ...

Gender identity haunts every aspect of our lives, dictating the outcomes of our conversations, our workplaces, our relationships – even our bath products. Before most infants are named, they are assigned a sex based on the appearance of their external genitalia by a third party. These decisions are dolled out in a typically binary fashion, with no expectations for ambiguity.
